

February 19, 2021

Dear Pastor Louis,

It was a pleasure for me and Mimi to share briefly about the ministry.

I just want to share with you about an 84-year-old man who passed away an hour ago. This man we got to know 18 months ago. We visited him many times and shared the Gospel and prayed with him, he was not so serious back then, but he loved me so much and asked her assistance who is from our church to visit him all the time. He prayed with me to accept Jesus just 2 weeks ago when I visited him at the hospital and was very sick. He became sick just a month ago and was found that he suffered from cancer. Last week I visited him while he was at home and shaved his beard and cut his hair. One hour ago, he rested in the Lord.

I am sending you some photos of him just to let you know how great and merciful our God is. I am sad but glad because he got saved and he is now with the Lord. No more pain and no more suffering. These photos I am sending you after this email not to show in public but maybe close friends and believers.

Blessings

Your brother and friend,

Afif
